Chapter Meets.

A very enthusiastic meeting of the Daniel Davison chapter of the Daughters of the American Revolution was held yesterday afternoon in the home of Mrs. Willa V. Stone, regent of the chapter, and quite a number of the members were in attendance. Great interest was shown for the beautifying of the plot of ground on West Main street known as the Daniel Davison legacy. Plans were discussed in regard to placing the old log house which was recently purchased from the Timberlake heirs on the grounds for a chapter house, surrounded by beautiful walks and shade trees, forming an attractive park. After the business session was concluded tea and wafers were served from a prettily appointed tea table by the hostess.

The next meeting of the chapter will be held in the home of Mrs. Hugh Jarvis on East Main street and if any one wishes to send a donation to the members in assisting in the carrying out of this attractive and patriotic work which will add to the beauty of the city, the women of the chapter will be most grateful.

While all children are invited to attend, only those who have been present at two or more of the meetings will be asked to sign the pledge.

Mothers Meet.

Quite an interesting meeting of the members of the Mothers' Club was held this afternoon from 3 to 5 o'clock in the home of Mrs. S. C. Hess on South Chestnut street, and an able discussion on the "Duty of parents to their children," was earnestly discussed by those present.

AID GIVEN

Cripple Who Desires to Return to His Native Land.

Waldo Hughta, aged 22 years, a native of Finland, desiring to return to his native land and being a cripple without funds, the county court Tuesday authorized Dr. H. E. Varner to spend \$35 of the county money toward buying him passage. The fellow lost a leg in an accident a year ago and there is a very bad abscess on the other.

State Senator "Sol" White was a distinguished visitor here today from Mingo county.

PLANS

(Concluded from page one)

the start that I shall recommend this class of land only when it is offered very cheap. Profrers of land at exorbitant prices will not be considered. I am frank to say that I hope to see a great deal of public spirit manifested by land owners. I expect some lands to be offered at merely nominal prices in order to aid the government in getting well started upon this wise and necessary policy.

The lands acquired by the government will be held as national forests. They will be protected from fire and the growth of the timber will be improved as much as possible. The lands will not be game preserves, but will continue to be open to the public for hunting and fishing in accordance with the laws of the state in which they are situated.

ated. All their resources will be available for the public under reasonable conditions. Another point which I wish to emphasize is that we are not going to take from people their homes in order to put the lands into the national forests.

The areas within which offers of land are desired are set forth in detail in the circular of the forest service. The approximate location of these areas is as follows, although Secretary Wilson warns those wishing to offer land that they should first secure the circular in order to see whether their holdings fall within the more detailed areas therein indicated:

In New Hampshire, lands in the White mountain region.

In Maine, lands in a portion of Batchelder's grant in Oxford county.

In Maryland, a portion of the western part of Garrett county.

In Virginia, parts of Shenandoah, Rockingham, southwestern Warren, western Page, northern Bedford, eastern Botetourt, southern Rockbridge, southern Washington, Smyth and Wythe counties, and western Grayson county.

In West Virginia, parts of Pendleton, Hardy, Randolph and Pocahontas counties.

In Tennessee, parts of northeastern Johnson county, Cooke, Sevier, Blount and Monroe counties.

In North Carolina, parts of Wilkes, Caldwell, Watauga, Buncombe, Yancey, McDowell, southwestern Mitchell, Haywood, Swain, Jackson, Henderson, Transylvania, Macon, Clay, Cherokee and Graham counties.

In Georgia, parts of Rabun, Harlsham and White counties.

Alcohol! Not a drop of it in Ayer's Sarsaparilla. No alcohol habit. No stimulation. Ayer's Sarsaparilla is a tonic, a regular tonic. It tones up, restores healthy activity. Consult your doctor freely about using it. Do as he says.
